Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: It is important to me that I be  
allowed to continue ordering a drug I take  
regularly from an out-of-state provider. This  
drug, produced in a natural state, was literally  
unavailable in that form in the state where I  
reside.
